

Convenient and Reliable

Give your employees the convenience of securely accessing their pay statements and T4s on the web. You'll save both the time of distributing printed pay stubs, and also save the cost of paper - *that's good for the planet!*

Canada's only cloud-based pay stub, T4 and document storage tool

Talk with us today about how eNETInbox can streamline the task of sharing important documents and pay information with your employees.

Visit www.enetinbox.com to view a live video of the program in action. When you're ready to try our solution, send us an email or call us toll-free.

Online Pay Stubs, T4s, and Document Storage

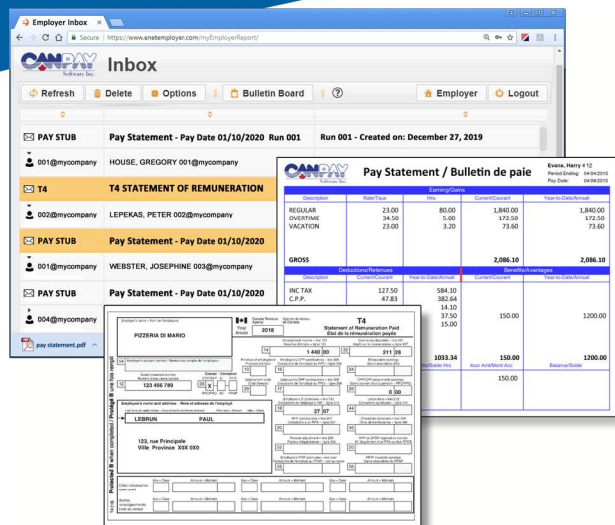

*View pay stubs, T4s, and
company documents online.*

Securely, anywhere, anytime.

Cloud-Based Pay Stubs and Secure Document Storage

Upload employee pay statements to the cloud so that staff can view them any time in a secure and easy manner. In addition to pay stubs, you can also upload T4s, company notices and bulletins, and almost any other type of document.

Secure Document Storage

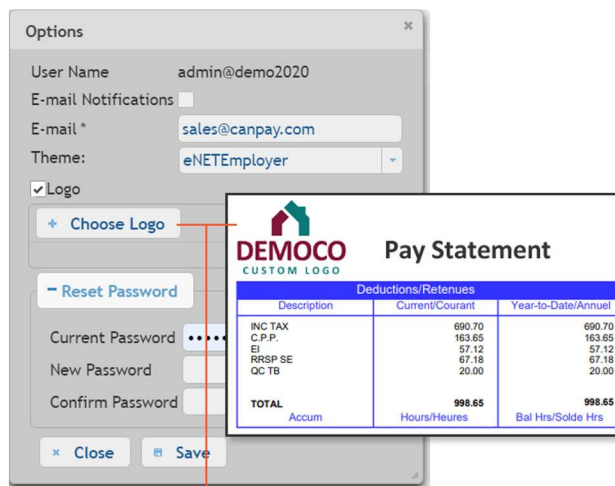

eNETInbox allows payroll administrators to upload employee pay statements to the cloud so that staff can view them any time in a secure and easy manner. You can also upload T4s, company notices and bulletins, and other document types.

Employees can view their pay information in a secure environment from any web-enabled device. Pay statements are stored for the entire year for easy access. At year end, employees can view their T4's, T4A's and Releve1's for tax purposes.

Easy Employee Administration

eNETInbox administrators can perform a variety of employee-related tasks such as password resets, email updates, and email notifications (to let employees know when a new document has been added to their inbox).

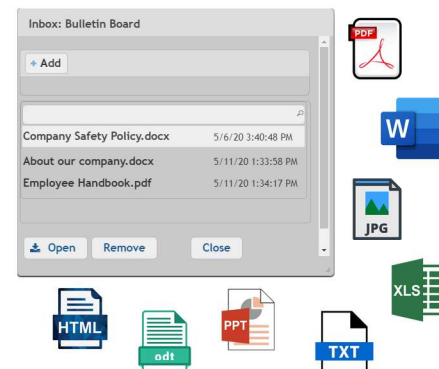

You can also add branding to your inbox with a company logo and a suitable design theme.

Customize your employee pay stubs by adding your company logo.

Online Bulletin Board

Payroll administrators can upload important documents for secure viewing by all employees. From memos and posters, to company-wide announcements - share documents of all types.

Upload files of any type including PDFs, word processing documents, spreadsheets and images.

"Our employees absolutely love having their pay stubs and T4s stored for them, instead of having to manage paper copies."
